Our People - Partners

Konstantinos An. Delidakis

Managing Partner – Financial Consultant

Konstantinos is a Financial Consultant with more than fifteen years' experience in management - financial consulting, and tax accounting services. He is specialized in new industrial technologies, project management and financial modeling. He has worked as a freelancer with mainly financial services, retailers, gaming, telecommunications, tech startups and construction companies. He is one of the Legal Experts for the Court of Appeal of Athens on financial disputes and bankruptcy laws, helping with his expertise and his intermediations the Court judges reach verdicts on Article 99 bankruptcies and major banking indictments. He has also served as a liquidator and administrator for SA companies. Moreover, he is a certified mediator, involved in numerous investment projects in Greece and valuations.

He graduated from the **University of Piraeus**, earning his B.Sc. in Financial Studies. As next step, he earned his Professional M.B.A. from **ALBA Graduate Business School** and he graduated from **MIT Sloan**, through "MIT EPGM" in Boston Massachusetts, US and Kuala Lumpur, Malaysia. He speaks English and Greek fluently and enjoys traveling, playing soccer, windsurfing and reading financial books.

Yannis S. Bakogiannis

Managing Partner - Economist

Yannis has more than 30 years of experience in the finance sector providing services to large multinational, listed and state sector companies. He has delivered organization and reorganization projects, financial advisory and business reviews to commercial, manufacturing, and services companies. He has attended numerous seminars about personnel and finance management, communication, cost, accounting, quality, and computerization as well as taught in seminars on incentive laws, tax deductibility of expenses, tax books and documents. He is an active legal expert for the Court of Appeal of Athens on economic issues and banking disputes.

He is a graduate of **Athens University of Economics and Business**, with major in accounting and business administration and post graduate studies in taxation. He is a member of the Economic Chamber of Greece and he is fluent in English and Greek and enjoys traveling and motor sports.

Dimitris An. Manolas

Managing Partner - New Business Development Manager

Round professional with a proven 10 year track record in a multi-national environment and strongly supported by executive MBA and Engineering qualifications. In this environment, he has served as a project engineer, maintenance planner, lean manufacturing coordinator and IT-IS procurement cluster category leader. Dimitris has been involved in projects from small-medium and startup companies in the tech and retail industry, growing extremely fast and facing major organizational problems. With his expertise, he has helped them redefine their processes and restructure their models, so that they become more productive and cost-efficient.

He is a graduate of the **University of Manchester**, with major in Mechanical Engineer and **ALBA Graduate Business School**, earning his Professional MBA. As an art enthusiast, he is continuously training in Design and Art History and is the owner of the art site theVanderbild.com .
